SO₂S News

It has been a busy time over the last couple of months for everyone involved in SOS. Recruitment has exceeded our original target, which was for 1,000 participants within 3 years, this was achieved within 16 months of our funding. So a big thank you for everyone's hard work and *Congratulations* to Cathy Stretton at Birmingham Heartlands Hospital for recruiting the 1,000th participant.

We are now seeking further funding to continue the study beyond the NIHR RfPB grant and to recruit 6,600 participants in total.

Congratulations also to Dr Roffe who was awarded a Chair by Keele University and is now Professor Roffe, Professor of Stroke Medicine.

Welcome

Our Sponsor, North Staffordshire Combined Healthcare NHS Trust, has appointed a study monitor, Sope Amidu. Sope will be visiting all of our sites and I am ensure you will all make her welcome. Sope can be contacted on sope.amidu@northstaffs.nhs.uk or 07872 415598
